Fotokopieerapparaten zijn algemeen verspreid en vele mensen maken er haast onnadenkend gebruik van voor allerlei doeleinden. Jammer genoeg ontstaan boeken niet met hetzelfde gemak als kopieën. Boeken samenstellen kost veel inzet, tijd en geld. De vergoeding van de auteurs en van iedereen die bij het maken en verhandelen van boeken betrokken is, komt voort uit de verkoop van die boeken. In België beschermt de auteurswet de rechten van die mensen. Wanneer u van boeken of van gedeelten eruit zonder toestemming kopieën maakt, buiten de uitdrukkelijk bij wet bepaalde uitzonderingen, ontnemt u hun dus een stuk van die vergoeding. Daarom vragen auteurs en uitgevers u beschermde teksten niet zonder schriftelijke toestemming te kopiëren buiten de uitdrukkelijk bij wet bepaalde uitzonderingen. Verdere informatie over kopieerrechten en de wetgeving met betrekking tot reproductie vindt u op www.reprobel.be. Ook voor het digitale lesmateriaal gelden deze voorwaarden. De licentie die toegang verleent tot dat materiaal is persoonlijk. Bij vermoeden van misbruik kan die gedeactiveerd worden.
